

Visa Direct Helps Enable Global Money Movement

Visa Direct is Visa's global, real-time¹ push payments platform, which reverses the traditional card payment flow by allowing payment originators, through their acquirer, to push funds directly to eligible debit and prepaid cards. It helps facilitate fast, simple and secure digital payments worldwide, enabling businesses and consumers to send money directly to a bank account or card, including domestic and cross-border payouts and payments, person-to-person (P2P), payments to small businesses, and corporate, worker, insurance, and government payouts.

Visa Direct Helps Facilitate the Fast Delivery of Funds Across the World

As global money movement becomes more prevalent due to a worldwide digital shift, people need the flexibility and reach to quickly send or receive money around the world. Visa Direct helps make domestic and cross-border payments readily and broadly available through Visa's single access point and strategic partnerships with banks, global remitters and P2P providers.
