Introduction

The Visa Rules

The Visa Core Rules and Visa Product and Service Rules

Introduction to the Visa Core Rules and Visa Product and Service Rules

Visa has established rules that are designed to minimize risks and provide a common, convenient, secure, and reliable global payment experience while supporting geography-specific rules that allow for variations and unique marketplace needs. They are set and modified by Visa to support the use and advancement of Visa products and services, and represent a binding contract between Visa and each Member.

The Visa Core Rules contain fundamental rules that apply to all Visa system participants and specify the minimum requirements applicable to all Members to uphold the safety, security, soundness, integrity, and interoperability of the Visa system.

The Visa Product and Service Rules contain rules that apply to Visa system participants based on use of a product, service, the Visa-Owned Marks, VisaNet, the dispute resolution process, and other aspects of the Visa payment system. The Visa Product and Service Rules also include operational requirements related to the Visa Core Rules.

The Visa Supplemental Requirements are Visa- or third-party-administered documents or websites that contain requirements beyond the content of the Visa Core Rules and Visa Product and Service Rules (for example: Visa Product Brand Standards, BASE II Clearing Services, Payment Card Industry (PCI) Card Production – Logical Security Requirements).

As a separate company, Visa Europe independently manages the Visa Europe Operating Regulations, which govern activities of Members operating in the Visa Europe Territory.

Writing Conventions

The following conventions apply to the Visa Core Rules and Visa Product and Service Rules:

- "Visa" refers to any Visa Region, office, management, or committee.
- If the singular is used, it means the plural, and the plural means the singular. For example: "A Merchant must ...," means that "All Merchants must..."
- Capitalized words have a meaning defined in the Glossary, except for the names of some Visa products or services, which are capitalized but not defined.
Introduction
The Visa Rules

- Defined terms are often combined.

Changes to the Visa Core Rules and Visa Product and Service Rules

Changes to the Visa Core Rules and Visa Product and Service Rules are communicated and identified as part of the "Summary of Changes" for each edition.

Unless an effective date is specified in the text for a change to the Visa Core Rules and Visa Product and Service Rules, all changes are effective on the publication date.

Unique Rule Identification Codes

Each rule is allocated a unique identification code (ID). The unique ID remains with each rule for as long as the rule remains unchanged.

The rule ID format includes the date the rule was published, its latest effective date, and a unique 7-digit reference number. The format is:

    DDMMYY (Publication date) – DDMMYY (Effective date) – 1234567 (unique 7-digit reference number)

Example: ID# 151012-150413-0006089

If the rule is modified, the rule ID is updated to reflect the date of the change, but the last 7 digits will generally remain the same.

Part 1: Visa Core Rules
1 Visa Core Rules

1.1 General

1.1.1 Governance

1.1.1.1 Applicability of Rules

All participants in the Visa system are subject to and bound by the Visa Charter Documents and the Visa Rules, as applicable based on the nature of their participation and geography. In the event of any conflicts between the Visa Charter Documents and the Visa Rules, or within the Visa Rules, conflicts will be resolved in the following order of precedence:

- Visa Charter Documents
- Visa Core Rules
- Visa Payment System Operating Regulations – Russia (if applicable)
- Visa International Travelers Cheque Operating Regulations (if applicable)
- Interlink Bylaws and Operating Regulations (if applicable)
- Visa Product and Service Rules
- Visa Supplemental Requirements

Any use of or participation in any Visa services or products not covered in the Visa Rules will be governed by applicable participation agreements and associated documentation.

Previously, rules were contained in the Visa International Operating Regulations, other operating regulations or rules, Extensions, and certificates of incorporation and bylaws of various Visa entities.

The Visa Rules represent modifications and amendments to such existing Visa rules and requirements, which continue in substance and effect except as expressly modified in the Visa Rules. By reorganizing and renaming this body of requirements, Visa does not intend to modify the meaning or enforceability of any Visa published documents, forms, or contracts to which Visa is a party, or any contracts that are required by Visa to include provisions to comply with Visa’s certificate of incorporation or bylaws, operating regulations, or other Visa requirements. Regardless of whether this document or other documents refer to these requirements as the Visa International Operating Regulations or by other prior naming conventions, such references are deemed to refer to and incorporate the Visa Rules.

1.1.1.2 Applicable Laws and Conflicts

Each Member must comply with all applicable laws, regulations, and other legal requirements including, but not limited to, laws and regulations regarding banking, financial institutions, payment systems, foreign currency exchange, money transmission, anti-money laundering, counter-terrorist financing, sanctions (such as those administered by the US Department of the Treasury’s Office of Foreign Assets Control or the Australian Government’s Department of Foreign Affairs and Trade), privacy and security, consumer protection, and trademarks and copyright. Each Member is also responsible for ensuring that any of its affiliates, subsidiaries, third-party agents, Merchants, and any other of its appointed agents participating in Visa’s system comply with all applicable laws, regulations, and other legal requirements. Each Member is encouraged to consult with its own legal counsel to ensure that it is in full compliance with all applicable laws, regulations, and other legal requirements.

A Transaction must be legal in both the Cardholder’s jurisdiction and the Merchant Outlet’s jurisdiction.

In the event of any conflict between the Visa Rules and any applicable laws or regulations, the requirements of the laws or regulations govern.

1.1.1.5 Use of the Visa Rules

The Visa Rules are only to be reviewed or used in connection with Visa payment services and must not be used, modified, copied, downloaded, transferred, or printed in part or in total for any other purpose without the express written permission of Visa.

The Visa Rules govern the relationship between Visa and its Members and their agents. The Visa Rules do not constitute a contract, promise, or representation or confer any rights, privileges, or claims of any kind as to any third parties.

Visa may amend, modify, delete, or otherwise change the Visa Rules at any time. Changes will be reflected in the next edition of the Visa Rules.

Rules that do not have a geography-specific (Visa Region or country) indication in the title or language of a rule apply to all Members unless noted otherwise. Geography-specific rules apply only to the operations of Members within the relevant geography.

1.12.3 Non-Compliance Assessments

1.12.3.1 Visa Right to Impose Non-Compliance Assessments

The Visa Rules contain enforcement mechanisms that Visa may use for violations of the Visa Rules. The Visa Rules specify the procedure for the allegation and investigation of violations and the rules and schedules for non-compliance assessments.

A Member that does not comply with the Visa Rules will be subject to non-compliance assessments. These procedures and non-compliance assessments are in addition to enforcement rights available to Visa under other provisions of the Visa Rules, or through other legal or administrative procedures.

Visa may assess, suspend, or waive non-compliance assessments, in whole or in part, to accommodate unique or extenuating circumstances.

### Violation and Non-Compliance Assessment

#### 1.12.3.3 Determination of Violation of the Visa Rules

Determination of a violation of the Visa Rules may be made based on either:

- The response from a Member to a Notification of investigation and other available information. Visa will determine whether a violation of the Visa Rules has occurred.
- The Member’s failure to respond to a Notification of investigation and to provide all information requested.

#### 1.12.3.4 Notification of Determination of Violation

Visa will notify a Member if it determines that a violation of the Visa Rules has occurred, or if it determines that a violation is continuing to occur, and will specify a date by which the Member must correct the violation. The Notification will advise the Member of all of the following:

- Reasons for such determination
- Non-compliance assessment amount
- Right to appeal the determination and/or the non-compliance assessments for the violation

Visa may require a Member to submit a compliance plan to resolve the violation.

#### 1.12.3.5 Non-Compliance Assessment Member Responsibility

A non-compliance assessment is imposed by Visa on a Member. A Member is responsible for paying all non-compliance assessments, regardless of whether it absorbs them, passes them on, or increases them in billing its customer (for example: Cardholder or Merchant). A Member must not represent to its customer that Visa imposes any non-compliance assessment on its customer.
1.12.3.7 Repeated Non-Compliance

Repetitive violations of the Visa Rules incur heavier non-compliance assessments or other actions. A violation of any rule qualifies as a repetitive violation only if the violating Member does not correct it by the date specified in the Notification.

ID# 151014-010410-0003645

1.12.3.8 Non-Compliance Assessments for Repetitive Violations

Non-compliance assessments increase for repetitive violations of the Visa Rules within any 12-month period. The 12-month period begins on the date of the most recent Notification of the violation and ends following a 12-month period free of violations of that rule.

ID# 151014-010410-0000478

1.12.3.10 Willful Violations of the Visa Rules

In addition to the non-compliance assessments specified in the Visa Rules, a Member found to have willfully violated the Visa Rules, adversely affecting the goodwill associated with the Visa system, brand, products and services, operation of the Visa Systems, or operations of other Members will be subject to a further non-compliance assessment. A violation is considered "willful" if the Member knew, or should have known, or its knowledge can be fairly implied, that its conduct constituted a violation of the Visa Rules.

When determining the amount of a non-compliance assessment, in addition to the criteria above, all of the following will be considered:

- Type of violation
- Nature of the damage, including the amount incurred by Visa and its Members
- Repetitive nature of the violation
- Member history or prior conduct
- Effect of the assessment upon the safety and soundness of the Visa system and the Member, including the Member committing the violation
- Any other criteria Visa deems appropriate

- The appealing Member must submit with the appeal any new or additional information necessary to substantiate its request for an appeal.

- A fee of USD 5,000 will be assessed to the Member upon receipt of the appeal. This fee is refundable if the appeal is upheld.

   - Any other identity card bearing the Cardholder’s photograph
   - Another signed debit or credit card
   - Another signed document (for example: employee identity card, union card, student card)

5.6 Surcharges, Convenience Fees, and Service Fees

5.6.1 Surcharges – Allowances, Requirements, Restrictions, Amounts, and Disclosures

5.6.1.1 Notification of Intent to Assess Surcharges – US Region and US Territories

In the US Region or a US Territory, an Acquirer must ensure that its Merchant notifies Visa and its Acquirer in writing at least 30 calendar days before assessing a US Credit Card Surcharge. Notice to Visa can be provided as specified on the "Merchant Surcharge Notification" link at www.visa.com. In the US Region or a US Territory, an Acquirer must inform Visa upon request of all notifications of intent to surcharge received from its Merchants.

ID# 151014-270113-0027544

5.6.1.2 Similar Treatment of Visa Transactions – US Region and US Territories

A Merchant must not assess a US Credit Card Surcharge on Visa Credit Card Transactions in a specific payment channel if either:

- The Merchant is prohibited or effectively prohibited by a Competitive Credit Card Brand from assessing surcharges on the Competitive Credit Card Brand's products in that payment channel.
- The Merchant's ability to surcharge a Competitive Credit Card Brand in that payment channel is limited by that Competitive Credit Card Brand in any manner and the Merchant assesses a US Credit Card Surcharge on conditions that are not the same as the conditions on which the Merchant would be allowed to surcharge transactions of the Competitive Credit Card Brand in that payment channel, or on which the Merchant actually surcharges transactions of the Competitive Credit Card Brand in that payment channel, after accounting for any discounts or rebates offered at the Point-of-Transaction.

This prohibition does not apply and a Merchant may assess a US Credit Card Surcharge on Visa Credit Card Transactions if one of the following:

- The Competitive Credit Card Cost of Acceptance or the Competitive Credit Card Product Cost of Acceptance to the Merchant is less than the Visa Credit Card Cost of Acceptance or Visa Credit Card Product Cost of Acceptance to the Merchant and the Competitive Credit Card Brand does not prohibit or effectively prohibit surcharging credit card transactions.
- The Competitive Credit Card Brand prohibits or effectively prohibits surcharging on credit cards and the Merchant actually surcharges the Competitive Credit Card Brand's transactions in an amount at least equal to the lesser of either:
  - The Competitive Credit Card Cost of Acceptance
The amount of the US Credit Card Surcharge imposed on a Visa Credit Card

- There is an agreement between the Merchant and the Competitive Credit Card Brand in which the Merchant waives or in any other way restrains or limits its ability to surcharge transactions on that Competitive Credit Card Brand, provided that:
  - The agreement is for a fixed duration, is not subject to an "evergreen clause" (i.e., automatically renewed unless terminated by the parties to the agreement) and is not a standard agreement generally offered by the Competitive Credit Card Brand to multiple merchants.
  - The Merchant's acceptance of the Competitive Credit Card Brand as payment for goods or services is unrelated to and not conditional upon the Merchant's entry into such agreement.
  - The agreement is supported by the exchange of material value.
  - The agreement expressly specifies a price under which the Merchant may accept the Competitive Credit Card Brand's products and surcharge those transactions up to the Merchant's Merchant Discount Rate for the Competitive Credit Card Brand, after accounting for any discounts or rebates offered by the Merchant at the Point-of-Transaction.

1 This provision does not apply if the Competitive Credit Card Brand prohibits only surcharging for an amount greater than the Competitive Credit Card Cost of Acceptance.

5.6.1.3 US Credit Card Surcharge Requirements – US Region and US Territories

In the US Region or a US Territory, a Merchant may assess a fixed or variable US Credit Card Surcharge on a Visa Credit Card Transaction, subject to applicable laws or regulations.

The Merchant may assess a US Credit Card Surcharge by either:

- Applying the same fixed or variable US Credit Card Surcharge to all Visa Credit Card Transactions (brand level)
- Applying the same fixed or variable US Credit Card Surcharge to all Visa Transactions of the same credit product type (product level)

The US Credit Card Surcharge at the brand level must be the same for all Visa Credit Card Transactions, regardless of the Card's Issuer or the product type, and after accounting for any discounts or rebates offered by the Merchant on Visa Credit Card Transactions at the Point-of-Transaction.

The US Credit Card Surcharge at the product level must be the same for Transactions on a particular Visa Credit Card product type, regardless of the Card's Issuer, and after accounting for any discounts or rebates offered by the Merchant on Visa Credit Card Transactions on the product type at the Point-of-Transaction.

A Merchant must not assess a US Credit Card Surcharge on Visa Credit Card Transactions at both the brand and product level.

5.6.1.5 US Credit Card Surcharge Disclosure Requirements – US Region and US Territories

A Merchant in the US Region or a US Territory must, at both the point of entry into the Merchant Outlet and the Point-of-Transaction, clearly and prominently disclose any US Credit Card Surcharge that will be assessed.

The disclosure at the Point-of-Transaction must include all of the following:

- The exact amount or percentage of the US Credit Card Surcharge
- A statement that the US Credit Card Surcharge is being assessed by the Merchant and is only applicable to credit Transactions
- A statement that the US Credit Card Surcharge amount is not greater than the applicable Merchant Discount Rate for Visa Credit Card Transactions at the Merchant

Merchants with Point-of-Transaction Terminals that offer Cardholder choice for debit Transactions in the form of "credit" and "debit" buttons must ensure that:

- Visa debit Card Transactions are not assessed a US Credit Card Surcharge
- It is made clear to the Cardholder that surcharges are not permitted on debit Transactions regardless whether a Cardholder selects the "credit" or "debit" button
For an Electronic Commerce Transaction, a Mail/Phone Order Transaction, and an Unattended Transaction, the Cardholder must be provided the opportunity to cancel the Transaction subsequent to the US Credit Card Surcharge disclosure.

For example, the requirement for clear and prominent disclosure will be satisfied if the disclosure is made consistent with Table 5-3, “Surcharge Disclosure – US Region and US Territories”:

## 5.7.2.3 Deployment of Contactless-Only Acceptance Devices

If a Merchant deploys a Contactless-Only Acceptance Device, it must comply with all of the following:

- Be assigned one of the following MCCs:
  - 4111 (Local and Suburban Commuter Passenger Transportation, Including Ferries)
  - 4112 (Passenger Railways)

- Accept all Cards at all other sales distribution channels at the Merchant Outlet. This requirement does not apply to Merchant Outlets that are transit passenger vehicles (for example: buses, ferries, trains).
- Obtain Authorization for the full Transaction amount before Clearing for a Transaction at the device
- Include the following values in the Authorization Request and Clearing Record:
  - POS Entry Mode code 07
  - Terminal type 3/UAT indicator 1 or 3
  - POS terminal entry capability 8
- If it configures the device to always perform offline data authentication before allowing a Cardholder to access its transit services, all of the following:
Configure all of its devices in the same transit mode or network to perform offline data authentication

Support either real-time or deferred Online Authorization at all turnstiles, fare gates, or points of boarding

Support Visa contactless static data authentication and Dynamic Data Authentication

5.7.2.4 PIN-Entry Bypass Prohibition – Canada Region

A Canada Acquirer must ensure that PIN entry on a Compliant Chip-Reading Device with a PIN Entry Device cannot be bypassed by the Acquirer, the Merchant, or an agent of the Acquirer or Merchant.

5.7.3 Unattended Cardholder-Activated Terminals – Transaction Cancellation

5.7.3.1 Acquirer Cancellation of Transactions at Unattended Cardholder-Activated Terminals

If an Unattended Cardholder-Activated Terminal allows an Acquirer to cancel a Transaction, the Acquirer may use this function without Issuer permission only after one of the following:

- The Merchant is suspicious of a proposed Transaction.
• The Card is unembossed and an Electronic Imprint is not obtained.

• The Transaction occurs at a Contactless-Only Acceptance Device, as specified in Section 5.7.2.3, "Deployment of Contactless-Only Acceptance Devices."

• The Transaction is any of the following:
  – A Cash-Back Transaction
  – A Fallback Transaction
  – An In-Transit Transaction
  – A Mail/Phone Order Transaction
  – A No-Show Transaction
  – A Recurring Transaction

  – In Australia, a domestic PIN-bypass Magnetic-Stripe Transaction
  – In New Zealand, a domestic PIN-bypass Magnetic-Stripe Transaction

1 Offline Authorization is allowed for Chip-initiated Transactions provided that the Transaction amount does not exceed the Merchant's Floor Limit.

2 This does not apply to a domestic Contactless Transaction in the AP Region (excluding Japan) if the Transaction amount is less than or equal to the domestic Contactless Transaction limit.

3 For a domestic Contactless Transaction in Japan, for amounts above the domestic Floor Limit, Authorization must be Online.

4 Authorization must be Online.

9 Interchange

9.1 General Interchange Requirements

9.1.1 Core Principles

9.1.1.1 Paying or Receiving Interchange

Participating Acquirers and Issuers pay or receive interchange every time a Visa product is used. For example, Acquirers pay interchange to Issuers for purchase Transactions and Issuers pay interchange to Acquirers for cash Transactions and credit vouchers. In the case of a credit or a Chargeback, interchange flows in reverse.

9.1.1.2 What is Interchange?

Interchange Reimbursement Fees help to make electronic payments possible by enabling Visa to expand Card holding and use, increasing the places consumers can use their Cards, and providing a financial incentive for all parties to pursue system-wide improvements, such as rewards, innovation, and security. An Interchange Reimbursement Fee is a default transfer price between Acquirers and Issuers within the Visa system. Merchants pay what is known as a merchant discount fee or merchant service fee negotiated with their Acquirer, which may take into account the interchange fee, processing costs, fees for terminal rental, customer services, and other financial services. The merchant discount fee or merchant service fee is negotiated individually with the Merchant's Acquirer; each Acquirer sets its fees independently, in competition with other Acquirers, competing payment systems, and other forms of payment.

Interchange is consistently monitored and adjusted – sometimes increased and sometimes decreased – in order to ensure that the economics present a competitive value proposition for all parties. Interchange Reimbursement Fees must encourage Card holding and use, as well as expansion in the number and types of businesses that accept Cards. If rates are too high, retailers won't accept Cards; if rates are too low, Issuers won't issue Cards. Visa may establish different Interchange Reimbursement Fees in order to promote a variety of system objectives, such as enhancing the value proposition for Visa products, providing incentives to grow merchant acceptance and usage, and reinforcing strong system security and Transaction authorization practices.
9.1.1.3 Visa Determines and Publishes IRF

Interchange Reimbursement Fees are determined by Visa and provided on Visa's published fee schedule, or may be customized where Members have set their own financial terms for the Interchange of a Visa Transaction or Visa has entered into business agreements to promote acceptance and Card usage.

For a Visa Easy Payment Service Transaction, Visa will pay in lieu of an Acquirer for a Chargeback received from an Issuer in the Visa Europe Territory if:

11.1.9 Chargeback Reason Codes

11.1.9.1 Reason Code Table Format

The Chargeback reason codes are organized in tables to show the applicable Chargeback condition and geographical scope for different rules.

The reason code tables consist of 3 columns. The first column typically shows the applicable Chargeback condition or Representment condition and, for processing requirements, the applicable member message text. The second column contains the rule language and the third column specifies the country or region for which the rule is applicable.

The following conventions apply:

- The word "General" in the first column of the table indicates that the rule may apply to any Chargeback condition for that reason code.
- If a Chargeback condition number is specified in the first column, the rule applies only to Chargebacks that are subject to that condition. The rule applies in addition to any applicable rules shown as "General."
- The third column shows the country or region for which the rule is applicable, using labels, as follows:

12.7.13 Non-Compliance Assessments Related to Agents

12.7.13.1 VisaNet Processor Non-Compliance Assessments

A Member using a VisaNet Processor that fails to comply with the Visa Rules and Visa Charter Documents is subject to non-compliance assessments, as specified in Section 1.12.3.2, “General Non-Compliance Assessment Schedule.” The combined liability of all Members for a VisaNet Processor’s failure to comply must not be more than the non-compliance assessment amount for the violation involved.

The total paid by both Members must not be more than the non-compliance assessment amount for the violation involved.

Visa may impose non-compliance assessments whether a Member or non-Member is performing services on behalf of another Member. If a Member acts as a VisaNet Processor for another Member, it is considered a single entity with that other Member in determining repetitive violations.
