Visa Core Rules and Visa Product and Service Rules

The trademarks, logos, trade names and service marks, whether registered or unregistered (collectively the “Trademarks”) are Trademarks owned by Visa. All other trademarks not attributed to Visa are the property of their respective owners.

Visa is committed to providing our partners and interested parties with greater insight into Visa’s operations. As part of our effort, we are pleased to provide access to the latest edition of the Visa Core Rules and Visa Product and Service Rules, which govern participation of our financial institution clients in the Visa system.

To protect cardholders and merchants and maintain the integrity of the Visa system, we have omitted proprietary and competitive information, as well as certain details from the rules relating to the security of the network.

Any regional or country-specific rules within the Visa Core Rules and Visa Product and Service Rules apply only to the operations of financial clients within the relevant region or country, and any rules marked with the name of a region(s) or country(ies) are applicable to financial institutions operating in that region(s) or country(ies) only.

The Visa Rules must not be duplicated, in whole or in part, without prior written permission from Visa.

If you have questions about Visa’s rules, please contact us.

Introduction

The Visa Rules

The Visa Core Rules and Visa Product and Service Rules

Introduction to the Visa Core Rules and Visa Product and Service Rules

Visa has established rules that are designed to minimize risks and provide a common, convenient, secure, and reliable global payment experience while supporting geography-specific rules that allow for variations and unique marketplace needs. They are set and modified by Visa to support the use and advancement of Visa products and services, and represent a binding contract between Visa and each Member.

The Visa Core Rules contain fundamental rules that apply to all Visa system participants and specify the minimum requirements applicable to all Members to uphold the safety, security, soundness, integrity, and interoperability of the Visa system.

The Visa Product and Service Rules contain rules that apply to Visa system participants based on use of a product, service, the Visa-Owned Marks, VisaNet, the dispute resolution process, and other aspects of the Visa payment system. The Visa Product and Service Rules also include operational requirements related to the Visa Core Rules.

The Visa Supplemental Requirements are Visa- or third-party-administered documents or websites that contain requirements beyond the content of the Visa Core Rules and Visa Product and Service Rules (for example: Visa Product Brand Standards, BASE II Clearing Services, Payment Card Industry (PCI) Card Production and Provisioning – Logical Security Requirements).

Writing Conventions

The following conventions apply to the Visa Core Rules and Visa Product and Service Rules:

- "Visa" refers to any Visa Region, office, management, or committee.
- If the singular is used, it means the plural, and the plural means the singular. For example: "A Merchant must..." means that "All Merchants must..."
- Responsibility is assigned to a Member. For example: “A Merchant must...” means “An Acquirer must ensure that its Merchant...”
- Capitalized words have a meaning defined in the Glossary, except for the names of some Visa products or services, which are capitalized but not defined.
• Defined terms are often combined.

Changes to the Visa Core Rules and Visa Product and Service Rules

Changes to the Visa Core Rules and Visa Product and Service Rules are communicated and identified as part of the "Summary of Changes" for each edition.

Unless an effective date is specified in the text for a change to the Visa Core Rules and Visa Product and Service Rules, all changes are effective on the publication date.

Part 1:
Visa Core Rules
1 Visa Core Rules

1.1 General

1.1.1 Governance

1.1.1.1 Applicability of Rules

All participants in the Visa system are subject to and bound by the Visa Charter Documents and the Visa Rules, as applicable based on the nature of their participation and geography. In the event of any conflicts between the Visa Charter Documents and the Visa Rules, or within the Visa Rules, conflicts will be resolved in the following order of precedence:

- Visa Charter Documents
- Visa Core Rules
- Visa Payment System Operating Regulations – Russia (if applicable)
- Published domestic rules within the Europe Region (if applicable)
- Visa International Travelers Cheque Operating Regulations (if applicable)
- V PAY Operating Regulations (if applicable)
- Visa Product and Service Rules
- Visa Supplemental Requirements

Any use of or participation in any Visa services or products not covered in the Visa Rules will be governed by applicable participation agreements and associated documentation.

Previously, rules were contained in the Visa International Operating Regulations, Visa Europe Operating Regulations, other operating regulations or rules, Extensions, and certificates of incorporation and bylaws of various Visa entities.

The Visa Rules represent modifications and amendments to such existing Visa rules and requirements, which continue in substance and effect except as expressly modified in the Visa Rules. By reorganizing and renaming this body of requirements, Visa does not intend to modify the meaning or enforceability of any Visa published documents, forms, or contracts to which Visa is a party, or any contracts that are required by Visa to include provisions to comply with Visa's certificate of incorporation or bylaws, operating regulations, or other Visa requirements. Regardless of whether this document or other documents refer to these requirements as the Visa International Operating Regulations or by other prior naming conventions, such references are deemed to refer to and incorporate the Visa Rules.
1.1.1.2 Applicability of Processing Rules – Europe Region

In the Europe Region, a Member is not subject to or bound by processing rules in the Visa Core Rules and Visa Product and Service Rules where it is indicated that such processing rules do not apply to a Member.

A Member is subject to all applicable rules set out in the Visa Europe Operating Regulations – Processing for:

- Interregional Transactions processed through Visa systems
- Intraregional Transactions and Domestic Transactions processed through Visa systems, if the Member has elected to use Visa as its Visa Scheme Processor

1.1.1.3 Applicable Laws and Conflicts

Each Member must comply with all applicable laws, regulations, and other legal requirements including, but not limited to, laws and regulations regarding banking, financial institutions, payment systems, foreign currency exchange, money transmission, anti-money laundering, anti-terrorist financing, sanctions (such as those administered by the US Department of the Treasury’s Office of Foreign Assets Control or the Australian Government’s Department of Foreign Affairs and Trade), privacy and security, consumer protection, and trademarks and copyright for each country in which the Member operates. Each Member is also responsible for ensuring that any of its affiliates, subsidiaries, parent companies, third-party agents, Merchants, and any other of its appointed agents participating in Visa’s system comply with all applicable laws, regulations, and other legal requirements applicable to each country in which its affiliates, subsidiaries, parent companies, third-party agents, Merchants, and other appointed agents operate. Each Member is encouraged to consult with its own legal counsel to ensure that it is in full compliance with all applicable laws, regulations, and other legal requirements in each country in which the Member operates.

A Transaction must be legal in both the Cardholder’s jurisdiction and the Merchant Outlet’s jurisdiction.

In the event of any conflict between the Visa Rules and any applicable laws or regulations, the requirements of the laws or regulations govern.

1.1.1.6 Use of the Visa Rules

The Visa Rules are only to be reviewed or used in connection with Visa payment services and must not be used, modified, copied, downloaded, transferred, or printed in part or in total for any other purpose without the express written permission of Visa.
The Visa Rules govern the relationship between Visa and its Members and their agents. The Visa Rules do not constitute a contract, promise, or representation or confer any rights, privileges, or claims of any kind as to any third parties.

Visa may amend, modify, delete, or otherwise change the Visa Rules at any time. Changes will be reflected in the next edition of the Visa Rules.

Rules that do not have a geography-specific (Visa Region or country) indication in the title or language of a rule apply to all Members unless noted otherwise. Geography-specific rules apply only to the operations of Members within the relevant geography.

1.1.1.7 Restricted Use of Visa Systems and Services

Any entity that accesses or uses a Visa system and/or service must both:

- Restrict its use of the Visa system and/or service to purposes expressly approved by Visa
- Comply with Visa requirements and documentation for system and/or service access and use

1.1.1.8 Member Responsibilities Related to System Changes

A Member must do all of the following:

- Respond to and implement, as specified by Visa, any system changes required by Visa
- Ensure that its agreements with Cardholders, Merchants, Visa-approved manufacturers, Third-Party Personalizers, and agents allow for the implementation of system changes required by Visa

1.5.1.5 Acquirer Use of Digital Certificates

An Acquirer that issues Digital Certificates to its Merchants or Payment Facilitators to enable them to access Visa-owned system components must use only Digital Certificates associated with Visa.

1.5.1.6 Security of Account Numbers and Payment Account References

An Acquirer must ensure all of the following:

- That the Account Number associated with a payment Token in a Transaction is not disclosed to the Merchant
- Effective 15 October 2016 for the AP Region, Canada Region, CEMEA Region, LAC Region, and US Region
- Effective 1 June 2017 for the Europe Region
- That a Payment Account Reference (PAR) is not stored with its associated full Account Number(s) or payment Token(s)
- That a Transaction is not initiated with a PAR
- That a PAR is used only for the following:
  - Providing or managing customer service
  - Performing fraud and risk control activities
  - Supporting value-added services in which the Cardholder has opted to participate
  - Aiding compliance with applicable laws or regulations

Effective 14 October 2017

In the AP Region, Canada Region, CEMEA Region, LAC Region, and US Region, an Acquirer must not selectively reject or decline Authorization Requests based on an internally developed table of BINs or Account Numbers. This prohibition includes tables developed using the electronic or online version of the Client Directory.

In the Europe Region, an Acquirer must not develop tables of BINs or Account Numbers using the electronic or online version of the Client Directory.

In the US Region, this prohibition does not include Authorization Requests originating from a Limited Acceptance Merchant for Account Numbers that contain a BIN not accepted by the Merchant.

1.5.1.8 Acquirer Rights to Provide Merchant Information

An Acquirer, a Marketplace, a Payment Facilitator, or a Digital Wallet Operator must ensure that it has all necessary and appropriate rights under applicable laws or regulations, privacy policies, or agreements to provide Merchant or retailer information to Visa.

1 Effective 14 October 2017

1.5.1.9 Termination of Merchant Agreement

After verifying that Visa has prohibited a Merchant, Sponsored Merchant, or Payment Facilitator from participating in the Visa or Visa Electron Program, an Acquirer must terminate the Merchant Agreement or Payment Facilitator Agreement no later than the date specified by Visa.

If the Acquirer does not terminate the Merchant Agreement or Payment Facilitator Agreement by the specified date, Visa may assess the Acquirer a non-compliance assessment.

An Acquirer or Payment Facilitator that enters into a Merchant Agreement with a Merchant, Sponsored Merchant, or known principals of a Merchant or Sponsored Merchant that Visa has prohibited from participating in the Visa Program or Visa Electron Program may be assessed a non-compliance assessment.
1.5.2 Merchant Agreements

1.5.2.1 Merchant Agreement Requirements

An Acquirer must have a Merchant Agreement with each of its Merchants to accept Visa Cards and, if applicable, Visa Electron Cards. A Payment Facilitator must have a Merchant Agreement with each of its Sponsored Merchants.

The Merchant Agreement must include language that requires the Merchant to do all of the following:

- Perform its obligations under the Merchant Agreement in compliance with applicable laws or regulations
- Comply with the Visa Rules regarding use of the Visa-Owned Marks, Visa acceptance, risk management, Transaction processing, and any Visa products, programs, or services in which the Merchant is required to, or chooses to, participate
- Not knowingly submit any Transaction that is illegal or that the Merchant should have known was illegal
- Include the right of Visa to limit or terminate the Acquirer’s agreement with the Merchant or the Payment Facilitator’s agreement with the Sponsored Merchant

An Acquirer and a Payment Facilitator may accept Transactions only from an entity with which it has a valid Merchant Agreement.

1.5.2.2 Retention of Merchant Records

An Acquirer or a Payment Facilitator must keep a complete, well-documented file containing Merchant records, including any information connected to an investigation, for at least 2 years after Merchant Agreement termination.

In the US Region, an Acquirer or a Payment Facilitator of a Merchant or Sponsored Merchant undergoing a forensic investigation must also notify Visa when it receives notice or otherwise becomes aware that the Merchant has terminated its Merchant Agreement.
1.5.3 Marks Display

1.5.3.1 Display of Card Acceptance Marks

A Member or Merchant must display the appropriate Visa-Owned Marks to indicate which Cards it accepts for payment except in the case of a Merchant that either:

- Does not deal with the general public (for example: a private club)
- Is prohibited by trade association rules

1.5.3.2 Limited Acceptance Merchant Signage – US Region

In the US Region, an Acquirer must ensure that each of its Limited Acceptance Merchants is provided with Visa-approved signage representing the Limited Acceptance Category it has selected, in accordance with its Merchant Agreement. Specifications for appropriate signage are available from Visa.

The Limited Acceptance Merchant may use the signage associated with the Limited Acceptance category it has selected, on promotional, printed, or broadcast materials only to indicate the types of Cards it accepts for payment.

1.5.4 Card Acceptance

1.5.4.1 Accepting Visa Products for Payment

Visa Merchants displaying Visa acceptance Marks at payment locations agree to accept corresponding Visa-branded products for payment. If the customer indicates that he or she wants to pay with a Visa product, a Merchant must complete and process the Visa Transaction as defined in the Visa Rules.
1.5.4.2 Honoring All Visa Cards

Visa Merchants may not refuse to accept a Visa product that is properly presented for payment, for example, on the basis that the Card is foreign-issued, or co-branded with the Merchant's competitor’s Mark. Merchants may attempt to steer customers who initially present a Visa Card to an alternative method of payment, such as by providing discounts for cash, but may not do so in a confusing manner that denies consumer choice.

In the Europe Region, an Acquirer may permit a Merchant to provide Cardholders with a discount, promotional offer, or in-kind incentive, in relation to a Transaction, that may not be available for other Cards.

Merchants may also consider whether present circumstances create undue risk, for example if the sale involves high-value electronics, but the Card signature panel is not signed, and the Cardholder does not have any other identification.

1 In the AP Region (Australia), Canada Region, and US Region, a Merchant may decline to accept certain categories of Visa products for domestically issued Cards. In the Europe Region, a Merchant in the European Economic Area (EEA) may decline to accept certain Product Categories.

2 Except in the Europe Region

1.5.4.3 Honor All Cards

A Merchant must accept all Cards properly presented for payment.

If a Merchant does not deal with the public (for example: a private club), it complies with this requirement if it accepts Cards from its members.

This does not apply:

- To Merchant Outlets that deploy Contactless-only Acceptance Devices, as specified in Section 5.7.2.3, “Deployment of Contactless-Only Acceptance Devices”
- In the AP Region (Australia), Canada Region, and US Region, to certain categories of Visa products for domestically issued Cards
- In the Europe Region, at a Merchant in the European Economic Area (EEA), for certain Product Categories
1.5.4.4 Honor All Cards – Canada Region

In the Canada Region, unless a Merchant has elected to not be a Visa Debit Acceptor, a Merchant that accepts Visa Cards must accept any valid Visa Card that a Cardholder properly presents for payment. This means that the Merchant must permit the Cardholder to choose whether to pay for a transaction with that Visa Card or with some other means of payment accepted by the Merchant.

Merchants that have elected to be a Visa Debit Acceptor may choose whether or not to accept domestic Visa Credit Cards. Similarly, Merchants that have elected to be a Visa Credit Acceptor may choose whether or not to accept Visa Debit Category Cards issued by Canada Issuers.

If a Cardholder presents a Visa Card that bears a Mark representing another payment service, the Merchant may not intentionally mislead the Cardholder concerning what payment service or system will be used. If the Merchant provides any information regarding the customer’s rights related to various transaction choices, that information must be accurate.

1.5.4.5 Honor All Cards – US Region

In the US Region, a Merchant that wishes to accept Visa Cards must accept any valid Visa Card in its category of acceptance that a Cardholder properly presents for payment. This means that the Merchant must permit the Cardholder to choose whether to pay for a transaction with that Visa Card or with some other means of payment accepted by the Merchant. The Merchant may request or encourage a Cardholder to use a means of payment other than a Visa Card.

1.5.4.6 Selection of Payment System – Europe and US Regions

In the Europe Region, at a Merchant in the European Economic Area (EEA), if a Cardholder presents a Card that is issued in the EEA and that is co-badged with another payment scheme accepted by the Merchant, the Merchant must both:

- Honor the Cardholder’s choice of payment scheme
- Process the transaction according to the Cardholder’s choice of payment scheme

In the US Region, if a Cardholder presents a Visa Card\(^1\) that is in the Merchant’s category of acceptance and that bears a Mark representing another payment service:

- The Merchant must honor the Cardholder’s request if the Cardholder indicates that the transaction is to be processed as a Visa Transaction.
The Merchant may process the transaction as something other than a Visa Transaction despite an initial indication by the Cardholder that the transaction is to be processed as a Visa Transaction, but only if the Cardholder agrees that the transaction may be processed as something other than a Visa Transaction. The Merchant may not mislead the Cardholder concerning what payment service or system will be used. If the Merchant provides any information regarding the customer's rights related to various transaction choices, that information must be accurate.

1 This does not apply in the US Region or a US Territory to a US Covered Visa Debit Card.
1.5.4.10 Chip Card Acceptance Requirements

The Card and Cardholder must be present for all Chip-initiated Transactions.

A Merchant must process Transactions with its Acquirer's Cardholders and other Members' Cardholders in exactly the same manner.

This does not apply to discounts, promotional offers, or in-kind incentives offered by the Merchant to a subset of Visa Cards.

In the US Region and a US Territory, a Merchant may request or encourage a Cardholder to use a means of payment other than a Visa Card or a Visa Card of a different product type (e.g., Visa Classic Card, Visa Traditional Rewards Card, Visa Signature Card) than the Visa Card the consumer initially presents. Except where prohibited by applicable laws or regulations, the Merchant may do so by methods that include, but are not limited to:

- Offering the consumer an immediate discount from the Merchant's list, stated, or standard price, a rebate, a free or discounted product or service, or any other incentive or benefit if the consumer uses a particular general purpose payment card with an acceptance brand other than a Visa Card or other particular means of payment
- Offering the consumer an immediate discount from the Merchant's list, stated, or standard price, a rebate, a free or discounted product or service, or any other incentive or benefit if the consumer, who initially presents a Visa Card, uses instead another general purpose payment card or another means of payment

In the US Region or a US Territory, an Acquirer must not adopt, maintain or enforce any rule (including any bylaw, policy, standard, guideline, or practice), or enter into or enforce any agreement that directly or indirectly prohibits, prevents, or restrains its Merchants from requesting or encouraging a Cardholder to use a means of payment other than a Visa Card or a Visa Card of a different product type (e.g., Visa Classic Card, Visa Traditional Rewards Card, Visa Signature Card) than the Visa Card the consumer initially presents. The methods by which a Merchant may request or encourage a Cardholder to use a means of payment other than a Visa Card or a Visa Card of a different product type include but are not limited to the methods specified in Section 1.5.4.14, “Discount Offer – US Region and US Territories.”
In the US Region or a US Territory, an Acquirer may enforce agreements or enter into agreements with its Merchants where the Merchant selects Visa Cards as the only general purpose payment cards the Merchant will accept.

A Merchant may request Cardholder identification in a Face-to-Face Environment. If the name on the identification does not match the name on the Card, the Merchant may decide whether to accept the Card. ¹ This does not apply in the Europe Region.

1.9 Interchange

1.9.1 Interchange Reimbursement Fee (IRF) Determination and Payment

1.9.1.2 What is Interchange? – AP, Canada, CEMEA, LAC, and US Regions

In the AP Region, Canada Region, CEMEA Region, LAC Region, and US Region, Interchange Reimbursement Fees help to make electronic payments possible by enabling Visa to expand Card holding and use, increasing the places consumers can use their Cards, and providing a financial incentive for all parties to pursue system-wide improvements, such as rewards, innovation, and security. An Interchange Reimbursement Fee is a default transfer price between Acquirers and Issuers within the Visa system. Merchants pay what is known as a merchant discount fee or merchant service fee negotiated with their Acquirer, which may take into account the interchange fee, processing costs, fees for terminal rental, customer services, and other financial services. The merchant discount fee or merchant service fee is negotiated individually with the Merchant's Acquirer; each Acquirer sets its fees independently, in competition with other Acquirers, competing payment systems, and other forms of payment.

Interchange is consistently monitored and adjusted – sometimes increased and sometimes decreased – in order to ensure that the economics present a competitive value proposition for all parties. Interchange Reimbursement Fees must encourage Card holding and use, as well as expansion in the number and types of businesses that accept Cards. If rates are too high, retailers won't accept Cards; if rates are too low, Issuers won't issue Cards. Visa may establish different Interchange Reimbursement Fees in order to promote a variety of system objectives, such as enhancing the value proposition for Visa products, providing incentives to grow merchant acceptance and usage, and reinforcing strong system security and Transaction authorization practices.

1.9.1.3 Interchange Reimbursement Fee Requirements

A Transaction must meet the qualifications defined in the Visa Rules and in the applicable Interchange Reimbursement Fee rate qualification guide to qualify for a particular Interchange Reimbursement Fee.

An Acquirer must also request the correct Interchange Reimbursement Fee, as applicable, when submitting a Transaction into Interchange.
1.9.2 Interchange Reimbursement Fee (IRF) Adjustments and Compliance

1.9.2.1 Interchange Reimbursement Fee Adjustments

If Interchange Reimbursement Fees are inappropriately received or paid by an Issuer or Acquirer, Visa reserves the right to rectify the improper allocations.

Interchange Reimbursement Fee adjustments may be made only as follows:

- Adjustments are limited to Transactions occurring within 90 calendar days of the Processing Date of the oldest Transaction submitted by the Member or identified by Visa.
- Transactions beyond 90 calendar days (not to exceed 2 years from the date submitted by the Member or identified by Visa) may be considered for adjustment if Visa determines that extenuating circumstances prevented the Member from discovering the violation sooner.
- When an Issuer or Acquirer is at fault, the impacted Issuer(s) or Acquirer(s) is required to use the Interchange Reimbursement Fee Compliance process.
- Adjustments will only be made when the total Interchange Reimbursement Fee amount to be corrected is greater than USD 2,500.
- Individual correcting Transactions will only be made if the amount of the correcting transaction is greater than USD 50.

Interchange Reimbursement Fee adjustments will be processed as follows:

- Visa will notify the Members that will receive a correcting Transaction.
- Visa will initiate a correcting Fee Collection Transaction (Transaction code 10) and Funds Disbursement Transaction (Transaction code 20) through VisaNet.
- All Visa decisions are final.
- A Member may appeal a decision only if the Member can provide new evidence not previously available and the amount in dispute is greater than USD 5,000.

Visa may, at its sole discretion, offer to use this adjustment process regardless of the adjustment amount.

- The Member received or paid incorrect IRF as a direct result of the violation by another Member.
- The Member’s financial loss is a direct result of an incorrectly applied IRF rate.
- The Member would not have incurred a financial loss if the violation had not occurred.
- In the AP Region, Canada Region, CEMEA Region, LAC Region, and US Region, the violating Transactions were processed through VisaNet.

**Effective through 12 October 2018**

The violating Transactions do not involve a Europe Member.

- Visa has granted permission for the Member to file.

A Member may aggregate up to 1,000,000 Transactions into a single IRF Compliance case if the Transactions involved the same opposing Member and violated the same operating regulation or the same requirement in an applicable IRF guide. The value of the aggregated Transactions must not be less than the sum of the IRF screening fee and the IRF filing fee specified in the applicable regional fee guide.

Visa may refuse to allow a filing Member to participate in IRF Compliance. The decision by Visa to refuse participation is final and not subject to any challenge.

A Member must comply with the *Interchange Reimbursement Fee Compliance Process Guide*.

### 1.11.2 Arbitration and Compliance

#### 1.11.2.1 Invalid Arbitration or Compliance Case Rejection

If Visa determines that an Arbitration or Compliance request is invalid, it may reject the case and retain the filing fee.

#### 1.11.2.2 Arbitration and Compliance Committee Decision

The Arbitration and Compliance Committee bases its Arbitration or Compliance decision on all information available to it at the time of reaching the decision, including, but not limited to, the provisions of the Visa Rules effective on the Transaction Date and may, at its sole discretion, consider other factors, such as the objective of ensuring fairness. The decision is delivered to both Members in writing and is final and not subject to any challenge, except for any right of appeal permitted in the *Visa Product and Service Rules: Dispute Resolution*.

#### 1.11.2.3 Arbitration or Compliance Financial Liability

An Arbitration or Compliance decision may result in either:
• One Member assigned full liability
• Members sharing financial liability

The responsible Member is financially liable for all of the following:

• Transaction amount
  – If the opposing Member is responsible, the requesting Member may collect this amount from the opposing Member.
  – For US Domestic Transactions, Visa will debit or credit through Visa Resolve Online the Members involved as appropriate.

• Review fee
• Filing fee

The filing Member is financially liable for any difference due to currency fluctuation between the amount originally presented and the Chargeback or Representment amount.

When the case is adjudicated, Visa will collect the filing and review fees through the Global Member Billing Solution from the responsible Member.

Either Member in an Arbitration or Compliance dispute may also be liable for a non-compliance assessment for each technical violation of the applicable Visa Rules. Technical non-compliance assessments do not apply in the Europe Region.
1.12 Fees and Non-Compliance Assessments

1.12.1 Fee Assessment by Visa

1.12.1.2 Card Service Fee Collection

Visa assesses and collects Card service fees through the Global Member Billing Solution or other designated method.

1.12.1.4 Fee Adjustments

If Visa confirms that a Member has either underpaid or overpaid its fees, Visa may process a fee adjustment. The fee adjustment time period is limited to the 2 years before the date that either of the following occurred:

- The overpayment or underpayment was reported to Visa by the Member.
- Visa discovered that an adjustment was due to the Member.

Visa reserves the right to collect an underpayment from a Member beyond the 2-year period.

In the AP Region, Card service fees paid will be refunded for the most recent quarter. The Member must submit its refund request within 60 days from the close of the quarter in question. For all other fees, the provisions specified above apply.

Any collection or refund does not include interest.

1.12.3 Non-Compliance Assessments

1.12.3.1 Visa Right to Impose Non-Compliance Assessments

The Visa Rules contain enforcement mechanisms that Visa may use for violations of the Visa Charter Documents or Visa Rules. The Visa Rules specify the procedure for the allegation and investigation of violations and the rules and schedules for non-compliance assessments.

A Member that does not comply with the Visa Charter Documents or Visa Rules will be subject to non-compliance assessments.
Fees and Non-Compliance Assessments

These procedures and non-compliance assessments are in addition to enforcement rights available to Visa under other provisions of the Visa Rules, or through other legal or administrative procedures.

Visa may assess, suspend, or waive non-compliance assessments, in whole or in part, to accommodate unique or extenuating circumstances.

1.12.3.2 General Non-Compliance Assessment Schedule

The non-compliance assessments specified in Table 1-15, “General Schedule of Non-Compliance Assessments,” may be assessed for a violation of the Visa Rules and are in addition to any other non-compliance assessments specified in the Visa Rules.

In the Europe Region, if a specific non-compliance assessment has been prescribed for the first violation only, the subsequent non-compliance assessments specified in Table 1-15, “General Schedule of Non-Compliance Assessments,” will apply for each repeated violation.

1.12.3.3 Determination of Violation of the Visa Rules

Determination of a violation of the Visa Charter Documents or Visa Rules may be made based on either:
1.12.3.4 Notification of Determination of Violation

Visa will notify a Member if it determines that a violation of the Visa Charter Documents or Visa Rules has occurred, or if it determines that a violation is continuing to occur, and will specify a date by which the Member must correct the violation. The Notification will advise the Member of all of the following:

- Reasons for such determination
- Non-compliance assessment amount
- Right to appeal the determination and/or the non-compliance assessments for the violation

Visa may require a Member to submit a compliance plan to resolve the violation.

1.12.3.5 Non-Compliance Assessment Member Responsibility

A non-compliance assessment is imposed by Visa on a Member. A Member is responsible for paying all non-compliance assessments, regardless of whether it absorbs them, passes them on, or increases them in billing its customer (for example: Cardholder or Merchant). A Member must not represent to its customer that Visa imposes any non-compliance assessment on its customer.

1.12.3.7 Repeated Non-Compliance

Repetitive violations of the Visa Rules incur heavier non-compliance assessments or other actions. A violation of any rule qualifies as a repetitive violation only if the violating Member does not correct it by the date specified in the Notification.
1.12.3.8 Non-Compliance Assessments for Repetitive Violations

Non-compliance assessments increase for repetitive violations of the Visa Rules within any 12-month period. The 12-month period begins on the date of the most recent Notification of the violation and ends following a 12-month period free of violations of that rule.

1.12.3.10 Willful Violations of the Visa Rules

In addition to the non-compliance assessments specified in the Visa Rules, a Member found to have willfully violated the Visa Rules, adversely affecting the goodwill associated with the Visa system, brand, products and services, operation of the Visa Systems, or operations of other Members will be subject to a further non-compliance assessment. A violation is considered "willful" if the Member knew, or should have known, or its knowledge can be fairly implied, that its conduct constituted a violation of the Visa Rules.

When determining the amount of a non-compliance assessment, in addition to the criteria above, all of the following will be considered:

- Type of violation
- Nature of the damage, including the amount incurred by Visa and its Members
- Repetitive nature of the violation
- Member history or prior conduct
- Effect of the assessment upon the safety and soundness of the Visa system and the Member, including the Member committing the violation
- Any other criteria Visa deems appropriate

1 In the Europe Region, the non-compliance assessments specified in Section 12.9.1.1, "Willful Violation Non-Compliance Assessments – Europe Region," will apply.

1.12.3.11 Enforcement Appeals

A Member may appeal a determination of a violation or non-compliance assessment to Visa, as follows:

- The Member’s appeal letter must be received by Visa within 30 days of the Member’s receipt of the Notification of the violation or non-compliance assessment.
- The appealing Member must submit with the appeal any new or additional information necessary to substantiate its request for an appeal.
• A fee of USD 5,000 will be assessed to the Member upon receipt of the appeal. This fee is refundable if the appeal is upheld.

A Member may submit arguments supporting its position. All decisions are final and not subject to challenge.

- Use the Visa account information, instead of an Access Token, to verify eligibility at the point of access
- Transmit Visa account information except as required for processing an associated Visa Transaction
- Store the Visa account information at the point of access
- Use Visa-Owned Marks at the point of access, unless the point of access is also a Point-of-Transaction
- Use or store Visa account information for any purpose other than to generate an Access Token

5.4.3.4 Reusing Redemption Credentials – Europe Region

In the Europe Region, if an Account Number is used to access previously purchased goods and/or services more than once using the same redemption credentials each time, the Merchant must:

- Permit the transfer of a Card’s purchase record to another Card for a legitimate reason (for example: the Card was lost or stolen)
- Submit an Account Verification of the Card to which the purchase record is being transferred, whenever a Card’s purchase record is transferred to another Card

5.5.1 Card and Cardholder Validation

5.5.1.1 Card and Cardholder Validation in a Face-to-Face Environment

Visa Product and Service Rules

Acceptance

Surcharges, Convenience Fees, and Service Fees

5.5.1.2 Card and Cardholder Validation in a Semi-Attended Environment – Europe Region

In the Europe Region, a Merchant must validate the Cardholder’s identity and verify the Card in a Semi-Attended Environment using the requirements specified in Section 5.5.1.1, “Card and Cardholder Validation in a Face-to-Face Environment.”

5.5.2 Cardholder Validation with PIN

5.5.2.1 PIN Acceptance and Processing

A Merchant that uses an Acceptance Device with Electronic Capability may accept a Cardholder’s PIN rather than a signature. The Merchant must not ask the Cardholder to reveal the PIN.

5.6 Surcharges, Convenience Fees, and Service Fees

5.6.1 Surcharges – Allowances, Requirements, Restrictions, Amounts, and Disclosures

5.6.1.1 Notification of Intent to Assess Surcharges – US Region and US Territories

In the US Region or a US Territory, an Acquirer must ensure that its Merchant notifies Visa and its Acquirer in writing at least 30 calendar days before assessing a US Credit Card Surcharge. Notice to Visa can be provided as specified on the “Merchant Surcharge Notification” link at www.visa.com. In the US Region or a US Territory, an Acquirer must inform Visa upon request of all notifications of intent to surcharge received from its Merchants.

5.6.1.2 Similar Treatment of Visa Transactions – US Region and US Territories

A Merchant must not assess a US Credit Card Surcharge on Visa Credit Card Transactions in a specific payment channel if either:

- The Merchant is prohibited or effectively prohibited by a Competitive Credit Card Brand from assessing surcharges on the Competitive Credit Card Brand’s products in that payment channel.
The Merchant's ability to surcharge a Competitive Credit Card Brand in that payment channel is limited by that Competitive Credit Card Brand in any manner and the Merchant assesses a US Credit Card Surcharge on conditions that are not the same as the conditions on which the Merchant would be allowed to surcharge transactions of the Competitive Credit Card Brand in that payment channel, or on which the Merchant actually surcharges transactions of the Competitive Credit Card Brand in that payment channel, after accounting for any discounts or rebates offered at the Point-of-Transaction.

This prohibition does not apply and a Merchant may assess a US Credit Card Surcharge on Visa Credit Card Transactions if one of the following:

- The Competitive Credit Card Cost of Acceptance or the Competitive Credit Card Product Cost of Acceptance to the Merchant is less than the Visa Credit Card Cost of Acceptance or Visa Credit Card Product Cost of Acceptance to the Merchant and the Competitive Credit Card Brand does not prohibit or effectively prohibit surcharging credit card transactions.

- The Competitive Credit Card Brand prohibits or effectively prohibits surcharging on credit cards and the Merchant actually surcharges the Competitive Credit Card Brand's transactions in an amount at least equal to the lesser of either:
  - The Competitive Credit Card Cost of Acceptance
  - The amount of the US Credit Card Surcharge imposed on a Visa Credit Card

- There is an agreement between the Merchant and the Competitive Credit Card Brand in which the Merchant waives or in any other way restrains or limits its ability to surcharge transactions on that Competitive Credit Card Brand, provided that:
  - The agreement is for a fixed duration, is not subject to an "evergreen clause" (i.e., automatically renewed unless terminated by the parties to the agreement) and is not a standard agreement generally offered by the Competitive Credit Card Brand to multiple merchants.
  - The Merchant's acceptance of the Competitive Credit Card Brand as payment for goods or services is unrelated to and not conditional upon the Merchant's entry into such agreement.
  - The agreement is supported by the exchange of material value.
  - The agreement expressly specifies a price under which the Merchant may accept the Competitive Credit Card Brand's products and surcharge those transactions up to the Merchant's Merchant Discount Rate for the Competitive Credit Card Brand, after accounting for any discounts or rebates offered by the Merchant at the Point-of-Transaction.

1 This provision does not apply if the Competitive Credit Card Brand prohibits only surcharging for an amount greater than the Competitive Credit Card Cost of Acceptance.
5.6.1.3  US Credit Card Surcharge Requirements – US Region and US Territories

In the US Region or a US Territory, a Merchant may assess a fixed or variable US Credit Card Surcharge on a Visa Credit Card Transaction, subject to applicable laws or regulations.

The Merchant may assess a US Credit Card Surcharge by either:

- Applying the same fixed or variable US Credit Card Surcharge to all Visa Credit Card Transactions (brand level)
- Applying the same fixed or variable US Credit Card Surcharge to all Visa Transactions of the same credit product type (product level)

The US Credit Card Surcharge at the brand level must be the same for all Visa Credit Card Transactions, regardless of the Card’s Issuer or the product type, and after accounting for any discounts or rebates offered by the Merchant on Visa Credit Card Transactions at the Point-of-Transaction.

The US Credit Card Surcharge at the product level must be the same for Transactions on a particular Visa Credit Card product type, regardless of the Card’s Issuer, and after accounting for any discounts or rebates offered by the Merchant on Visa Credit Card Transactions on the product type at the Point-of-Transaction.

A Merchant must not assess a US Credit Card Surcharge on Visa Credit Card Transactions at both the brand and product level.

The US Credit Card Surcharge must be included in the Transaction amount.

5.6.1.4  US Credit Card Surcharge Maximum Amount – US Region and US Territories

In the US Region or a US Territory, a US Credit Card Surcharge assessed at the brand level, as specified in Section 5.6.1.3, “US Credit Card Surcharge Requirements – US Region and US Territories,” must not exceed the Merchant’s Visa Surcharge Cap.

In the US Region or a US Territory, a US Credit Card Surcharge assessed at the product level, as specified in Section 5.6.1.3, “US Credit Card Surcharge Requirements – US Region and US Territories,” must not exceed the Merchant’s Visa Credit Card Surcharge Cap less the Debit Card Cost of Acceptance.

In no case may the US Credit Card Surcharge amount exceed the Maximum Surcharge Cap.
5.6.1.5 US Credit Card Surcharge Disclosure Requirements – US Region and US Territories

A Merchant in the US Region or a US Territory must, at both the point of entry into the Merchant Outlet and the Point-of-Transaction, clearly and prominently disclose any US Credit Card Surcharge that will be assessed.

The disclosure at the Point-of-Transaction must include all of the following:

- The exact amount or percentage of the US Credit Card Surcharge
- A statement that the US Credit Card Surcharge is being assessed by the Merchant and is only applicable to credit Transactions
- A statement that the US Credit Card Surcharge amount is not greater than the applicable Merchant Discount Rate for Visa Credit Card Transactions at the Merchant

Merchants with Acceptance Devices that offer Cardholder choice for debit Transactions in the form of "credit" and "debit" buttons must ensure that:

- Visa debit Card Transactions are not assessed a US Credit Card Surcharge
- It is made clear to the Cardholder that surcharges are not permitted on debit Transactions regardless whether a Cardholder selects the "credit" or "debit" button

For an Electronic Commerce Transaction, a Mail/Phone Order Transaction, and an Unattended Transaction, the Cardholder must be provided the opportunity to cancel the Transaction subsequent to the US Credit Card Surcharge disclosure.

For example, the requirement for clear and prominent disclosure will be satisfied if the disclosure is made consistent with Table 5-5, “Surcharge Disclosure - US Region and US Territories”:

5.6.1.6 Surcharges – AP Region (Australia)

In the AP Region (Australia), if a Merchant adds a Surcharge to a Transaction, the Surcharge amount must comply with all of the following:

- Be limited to the "reasonable costs of acceptance" of a Visa Card (or Visa Cards) as that concept is defined by the Reserve Bank of Australia and by applicable laws or regulations
- Not include the cost of accepting any non-Visa payment card
- Be clearly disclosed to the Cardholder before the completion of the Transaction. The Cardholder must be given the opportunity to cancel without penalty after the Surcharge is disclosed.
- Be charged only by the Merchant that provides the goods or services to the Cardholder. The Merchant must not permit a third party to charge a Cardholder a separate or additional amount in respect of the cost of acceptance of the Visa Card, but the Merchant may include third-party costs relevant to accepting a Visa Card as part of its Surcharge.
- Not differ according to Issuer
- Be different for Visa credit Card Transactions and Visa debit Card Transactions if the "reasonable cost of acceptance" varies between the 2 Transactions
- Be assessed only on the final total amount charged for the goods or services, after any discount or rebate from the Merchant has been applied
- Be added to the Transaction amount and not collected separately

1 A government Merchant may collect the Surcharge amount separately and may use a third party to deposit Transactions if it is assigned one of the following MCCs:

- 9211 (Court Costs, Including Alimony and Child Support)
- 9222 (Fines)
5.6.1.7 Surcharge Disclosure Requirements – AP Region (Australia)

In the AP Region (Australia), a Merchant that assesses a Surcharge must do all of the following:

- Inform the Cardholder that a Surcharge is assessed
- Inform the Cardholder of the Surcharge amount or rate
- Not describe the Surcharge as, or inform the Cardholder that the Surcharge is, assessed by Visa or a financial institution
- Include notices, signs, or decals disclosing that the Merchant assesses a Surcharge. Such notices, signs, or decals must be in a conspicuous location or locations at the Merchant's physical point of sale, or, in the absence of a physical point of sale, prominently during an Electronic Commerce Transaction or communicated clearly in a telephone order so as it can be reasonably assured that all Cardholders presenting a Visa Card will be aware of the Surcharge.
- Clearly display or communicate the Surcharge disclosure in the Transaction environment or process, including (if there is a physical point of sale) at the terminal/cashier's desk. The disclosure must be of as high a contrast as any other signs or decals displayed.

A Merchant must clearly and prominently disclose any Surcharge that will be assessed.

The disclosure at the point of sale must include both:

- The exact amount or percentage of the Surcharge
- A statement that the Surcharge is being assessed by the Merchant

For an Electronic Commerce Transaction, a Mail/Phone Order Transaction, and an Unattended Transaction, the Cardholder must be provided the opportunity to cancel the Transaction subsequent to the Surcharge disclosure.

For example, the requirement for clear and prominent disclosure will be satisfied if the disclosure is made consistent with Table 5-6, “Surcharge Disclosure - AP Region (Australia).”

10.1.4 Use of BIN Blocks

10.1.4.1 BIN Blocking by Visa – Europe Region

In the Europe Region, Visa may, as it sees fit at any time and without warning, require a Visa Scheme Processor to block the function of all or any part of its system in relation to any BIN assigned to a Member (a “blocked BIN”) so that, during the period of the block, one or more of the following:

- No Authorization may be given using the blocked BIN.
- No Clearing Record may be created in respect of the blocked BIN.
- No Settlement may be effected of amounts owed to the blocked BIN.

(any such outcome being a “BIN block”) subject only to such exceptions as Visa may see fit to make from time to time.
Visa will exercise its discretions under this paragraph with a view to all of the following (each being "BIN blocking objective"):

- Ensuring the stability of the Visa system
- Protecting Visa and its Members against any loss or liability whatsoever (including, without limitation, in respect of Settlement Loss)
- Avoiding or mitigating any act or omission that Visa considers might be illegal, inconsistent with applicable regulatory standards, or materially damaging to the Visa brand

Visa may declare any BIN block to be temporary, indefinite, or permanent. If no such declaration is made, a BIN block will be treated as indefinite. Visa will take such steps as it considers appropriate to terminate the membership of any entity whose assigned BIN is subject to a permanent BIN block. A temporary or indefinite BIN block will end either:

- If Visa both:
  - Determines that continuing the BIN block is of no further help to achieving the BIN blocking objectives
  - Does not intend to terminate the membership of any entity to whom the blocked BIN is assigned
- In the case of a temporary BIN block only, if earlier, at the time and subject to such conditions that Visa may specify

Visa may at any time and without warning cancel a BIN block and/or change the status and scope of application of any BIN block. Visa may at any time and without warning extend or modify the conditions of any temporary BIN block.

Visa's right to effect a BIN block is in addition, and without prejudice, to any other rights or remedies of Visa under the Member Agreements and the Visa Rules.

The exclusions and limitations of Visa's liability specified in the Visa Rules will apply to any Liability or Claim arising in connection with a BIN block.

10.4 Activity and Compliance Monitoring

10.4.1 Member Activity Monitoring Requirements

10.4.1.1 Acquirer Investigation of Merchant Outlet

An Acquirer must investigate a Merchant Outlet that appears on an exception report. If the investigation reveals Merchant involvement in illegal or fraudulent activity, the Acquirer must do all of the following:

- Take appropriate legal action to minimize losses
- Cooperate with Issuers and law enforcement agencies
- Attempt to make the Merchant responsible for the Transaction
- Hold funds, if possible
- Initiate criminal and civil proceedings against the Merchant, if applicable

1 In the Europe Region, 1 business day

10.4.1.3 Acquirer Monitoring of Payment Facilitator and Sponsored Merchant Activity

An Acquirer must comply with Merchant monitoring standards for each of its Payment Facilitators, as specified in Section 10.4.7, “High-Brand Risk Merchant Monitoring.” A Sponsored Merchant that exceeds Visa thresholds for excessive Chargebacks or Fraud Activity will be subject to monitoring programs.

10.4.1.4 Merchant Activity Monitoring and Reporting Requirements – Europe Region

In the Europe Region, an Acquirer must do all of the following:

- Retain at least the following daily data and use it to determine “normal daily activity” over a period of 30 days, beginning after each Merchant’s initial Deposit:
  - Gross sales volume
  - Average Transaction amount
  - Number of Transaction Receipts
Risk

Activity and Compliance Monitoring

- Average elapsed time between the Transaction Date of the Transaction Receipt and the Settlement Date (counting each as one day)
- Number of Chargebacks

- Begin the daily monitoring of the Merchant's activity processed on the 31st calendar day from the first Deposit against the normal daily activity using an average of the data from the previous 30 days
- Compare current related data to the normal daily activity parameters at least daily
- At least weekly, review the Merchant's normal daily activity, using the previous week's activity
- At least monthly, adjust the Merchant's normal daily activity, using the previous month's activity

The Acquirer must generate an exception report on a daily basis and report to Visa within 2 business days if either:

- Any of the following exceeds 150% of normal daily activity:
  - Number of daily Deposits
  - Gross amount of daily Deposits
  - Average Transaction amount
  - Number of daily Chargebacks
- The average elapsed time between the Processing Date and either the Transaction Date or the Settlement Date for a Transaction (counting each as one day) exceeds 15 calendar days

10.4.1.5 Merchant Deposit Monitoring – Europe Region

In the Europe Region, an Acquirer that has been identified by the Fraud Monitoring Programs specified in Section 10.4.9.2, “Cross-Border Fraud Monitoring Programs – Europe Region,” must implement daily monitoring and produce exception reports in order to reduce their losses. Failure to implement effective monitoring may result in a non-compliance assessment of EUR 25,000 for each month in which actions remain outstanding.

Exception reports must be generated according to the parameters specified in Table 10-1, “Merchant Deposit Monitoring Parameters - Europe Region,” where the respective defined thresholds have been exceeded.

In addition to daily monitoring, an Acquirer must employ adequate risk management resources to control and monitor its Merchants, and undertake specific investigative actions to combat any fraudulent activity.
A Merchant’s normal daily trading and activity pattern must be adjusted on a daily basis, using the most recent activity and replacing the oldest data. Merchant trading averages must be calculated using a 90-day rolling average.

If Visa determines that:

- The parameters defined in Table 10-1, “Merchant Deposit Monitoring Parameters - Europe Region” do not allow sufficient detection of fraud, then Visa may, at its discretion, vary or impose new parameters to identify changing fraud patterns.
- The thresholds defined by the Acquirer do not allow sufficient detection of fraud, then Visa may, at its discretion, impose a threshold value on the Acquirer.

#### 10.4.1.6 Acquirer Provision of Fraud Advice Reports – Europe Region

In the Europe Region, an Acquirer must provide its Merchant with fraud advice reports upon Merchant request.

#### 10.4.1.7 Merchant Exception Reports – US Region

In the US Region, beginning with Merchant Outlet Deposit activity processed on the 31st calendar day from the first Deposit, an Acquirer must generate unusual activity reports if either of the following occurs:

- Current weekly gross sales volume equals or exceeds USD 5,000 and any of the following meets or exceeds 150% of normal weekly activity:
  - Number of weekly Transaction Deposits
  - Gross amount of weekly Deposits
  - Average Transaction amount
  - Number of weekly Chargebacks

10.4.2 Monitoring of Visa Compliance

10.4.2.1 Member Monitoring of Visa Compliance – US Region

In the US Region, Visa and its subsidiaries will adopt policies and procedures and provide Members with appropriate reviews and reports to enable Members to monitor the compliance of Visa and its subsidiaries with these commitments.

10.4.3 Chargeback Monitoring

10.4.3.1 Visa Chargeback Monitoring Program (VCMP)

Visa monitors Merchant Outlets\(^1\) that generate an excessive level of Chargebacks through the Visa Chargeback Monitoring Program (VCMP).

Visa will identify a Merchant Outlet\(^1\) under the VCMP standard program if it meets or exceeds both of the following monthly standard program thresholds:

- 100 Chargeback count
- 1% ratio of Chargebacks-to-sales Transaction count

Visa will monitor a Merchant Outlet\(^1\) identified in the VCMP under the high-risk program for any of the following reasons:

- The Merchant exceeds the standard program thresholds and is categorized or should be categorized by a high-brand risk MCC, as specified in Section 10.4.6.1, “High-Brand Risk MCCs.”
- **Effective through 30 September 2017**
  For Merchants that are not and should not be categorized by a high-brand risk MCC, the Merchant meets or exceeds the VCMP monthly excessive Chargeback threshold of both:
  - 500 Chargeback count
  - 2% ratio of Chargebacks-to-sales Transaction count
- **Effective 1 October 2017**
  For Merchants that are not and should not be categorized by a high-brand risk MCC, the Merchant meets or exceeds the VCMP monthly excessive Chargeback threshold of both:
Visa Product and Service Rules

Activity and Compliance Monitoring

- 1,000 Chargeback count
- 2% of Chargebacks-to-sales Transaction count
• Visa determines that the Merchant caused undue harm to the goodwill of the Visa payment system.
• The Merchant’s Acquirer is subject to risk reduction measures, as specified in Section 1.10.1.2, “Member Risk Reduction Requirements,” for poor Merchant management practices.

Visa may modify or create new monthly VCMP performance levels.

Monitoring includes all Chargeback reason codes\(^2\) except reason code 93 (Visa Fraud Monitoring Program).

Except for certain markets,\(^3\) only International Transactions are included in VCMP monitoring.

A Merchant that is moved from the VCMP standard program to the VCMP high-risk program because it exceeded the excessive Chargeback threshold will continue to be monitored under the VCMP high-risk program until the Merchant exits the VCMP.

A Merchant that is monitored in the VCMP high-risk program because it exceeded the excessive Chargeback threshold will not be moved to the VCMP standard program, regardless of whether its performance drops below the monthly excessive Chargeback threshold.

A Merchant that changes Acquirers and/or countries while identified in the VCMP will be assigned the equivalent program status with the new Acquirer and/or country if the Merchant has not exited the program.

Visa may require the Acquirer or its Merchant to deploy appropriate Chargeback or fraud remediation tools or technologies to address unusual activity in the individual cases identified through the VCMP.

A Merchant Outlet\(^1\) will exit the VCMP if it is below the program thresholds for 3 consecutive months.

**Effective 1 October 2017**

For VCMP compliance purposes, Visa will include only the first 10 Chargebacks per calendar month, for each Account Number at each Merchant Outlet.\(^1\)

---

\(^1\) In the Europe Region, the program applies at the Merchant level.
\(^2\) For a Member that participates in Enhanced Dispute Resolution, includes all Dispute conditions except 10.5: Visa Fraud Monitoring Program
\(^3\) Program monitoring includes Domestic Transactions and International Transactions for all of the following: Australia, Brazil, Canada, Germany, the United Kingdom, and the United States. Visa may modify this list of markets.
10.4.3.2 Visa Chargeback Monitoring Program (VCMP) Timelines

An Acquirer must comply with Table 10-2, “VCMP Standard Program Timeline,” or Table 10-3, “VCMP High-Risk Program Timeline,” as applicable.

Visa may escalate a Merchant Outlet (in the Europe Region, a Merchant) that causes undue harm to the Visa payment system to the VCMP high-risk program timeline.

10.4.3.3 Visa Chargeback Monitoring Program (VCMP) – Data Quality Compliance

If Visa determines that an Acquirer, its Third Party Agent, or its Merchant changed, modified, or altered the Merchant name or Merchant data in any way to circumvent the Visa Chargeback Monitoring Program (VCMP), Visa may do either or both of the following:
**Visa Product and Service Rules**

**Risk**

**Activity and Compliance Monitoring**

- Assess a non-compliance assessment per Merchant Outlet\(^1\) per month to the Acquirer
- Permanently disqualify the Merchant and its principals from participating in the Visa Program

If an Acquirer submits Interchange for a single Merchant Outlet\(^1\) under multiple Merchant descriptors or Merchant accounts, Visa may:

- Consolidate the individual Merchant descriptors or Merchant accounts for monitoring purposes
- Notify the Acquirer of the aggregation and any potential non-compliance assessments
- Apply the program thresholds to the consolidated Merchant Outlet\(^1\) performance
- Track and report the consolidated Merchant activity

Visa may evaluate Payment Facilitator performance at the Sponsored Merchant level or by aggregating all Interchange activity.

\(^1\) In the Europe Region, Merchant

---

**10.4.3.4 Merchant Chargeback Activity Monitoring**

An Acquirer must monitor the Chargeback-to-Interchange volume ratio of its Merchant and identify a Merchant that experiences all of the following activity levels during any month:

- 100 or more Interchange Transactions
- 100 or more Chargebacks
- A 1% or higher ratio of overall Chargeback-to-Interchange volume

This does not apply in the Europe Region.

---

**10.4.4 Acquirer Chargeback and Fraud Monitoring**

**10.4.4.1 Visa Acquirer Monitoring Program (VAMP)**

- Visa monitors Acquirers that generate an excessive level of Chargebacks or Fraud Activity through the Visa Acquirer Monitoring Program (VAMP). Visa will identify an Acquirer if it meets or exceeds all of the following monthly thresholds for either excessive Chargebacks or Fraud Activity:
- Chargeback Monitoring:
  - 750 Chargeback count
Visa Product and Service Rules

Risk

Visa Core Rules and Visa Product and Service Rules

- 1% ratio of Chargebacks-to-sales Transaction count
- Fraud Activity Monitoring:
  - USD 500,000 fraud dollar amount
  - 1% ratio of fraud-dollar-to-sales-dollar amount

Visa may modify or create new monthly VAMP performance levels.

Program monitoring includes all Chargebacks or Fraud Activity submitted by Issuers in the preceding calendar month and all sales Transactions submitted by the Acquirer in the preceding calendar month.

Except for certain markets,1 only International Transactions are included in VAMP monitoring.

Visa may require the Acquirer or its Merchant to deploy appropriate Chargeback or fraud remediation tools or technologies to address unusual activity in the individual cases identified through the VAMP.

An Acquirer will exit the VAMP if it is below the program thresholds for 3 consecutive months.

Visa may impose conditions on an Acquirer that knowingly acts to circumvent monitoring.

Effective 1 October 2017

For VAMP compliance purposes, Visa will do all of the following:

- Include only the first 10 Chargebacks per calendar month, for each Account Number at each Merchant Outlet
- Include only the first 10 fraud Transactions reported to Visa per calendar month, for each Account Number at each Merchant Outlet
- Exclude fraud type code 3 (fraudulent application)

1 Program monitoring includes Domestic Transactions and International Transactions for all the following: Australia, Brazil, Canada, Germany, the United Kingdom, and the United States. Visa may modify this list of markets.

10.4.4.2 Visa Acquirer Monitoring Program (VAMP) Timeline

An Acquirer that is identified in the Visa Acquirer Monitoring Program (VAMP) by exceeding VAMP thresholds must comply with Table 10-4, “VAMP Timeline.”

### 10.4.5 Merchant Fraud Monitoring

#### 10.4.5.1 Visa Fraud Monitoring Program (VFMP)

Visa monitors Merchant Outlets\(^1\) that generate an excessive level of fraud through the Visa Fraud Monitoring Program (VFMP).
Visa will identify a Merchant Outlet\(^1\) under the VFMP standard program if it meets or exceeds either of the following monthly program thresholds:

- Both:
  - USD 75,000 fraud amount
  - 1\% fraud-dollar-to-sales-dollar ratio
- **Effective 1 July 2017 through 31 October 2020**
  In the US Region, for domestic counterfeit Automated Fuel Dispenser Transactions, both:
  - USD 10,000 in US Issuer-reported counterfeit fraud in the previous calendar month
  - 0.20\% counterfeit fraud-dollar-to-sales-dollar ratio in the previous calendar month

Visa will monitor a Merchant Outlet\(^1\) identified in the VFMP under the high-risk program for any of the following reasons:

- The Merchant is categorized, or should be categorized, by a high-brand risk MCC, as specified in Section 10.4.6.1, “High-Brand Risk MCCs.”
- For Merchants that are not and should not be categorized by a high-brand risk MCC, the Merchant meets or exceeds the VFMP monthly excessive fraud threshold of either:
  - Both
    - USD 250,000 fraud amount
    - 2\% fraud-dollar-to-sales-dollar ratio
  - **Effective 1 November 2017 through 31 October 2020**
    In the US Region, for domestic counterfeit Automated Fuel Dispenser Transactions, both:
    - USD 10,000 in Issuer-reported domestic counterfeit fraud in the previous calendar month
    - 2\% counterfeit fraud-dollar-to-sales-dollar ratio in the previous calendar month
- Visa determines that the Merchant caused undue harm to the goodwill of the Visa payment system.
- The Merchant’s Acquirer is subject to risk reduction measures, as specified in Section 1.10.1.2, “Member Risk Reduction Requirements,” for poor Merchant management practices.

Visa may modify or create new VFMP monthly performance levels.

Except for certain markets,\(^2\) only International Transactions are included in VFMP monitoring.

A Merchant that is moved from the VFMP standard program to the VFMP high-risk program because it exceeded the excessive fraud threshold will continue to be monitored under the VFMP high-risk program until the Merchant exits the VFMP.
A Merchant that is monitored in the VFMP high-risk program because it exceeded the excessive fraud threshold will not be moved to the VFMP standard program, regardless of whether its performance drops below the monthly excessive fraud threshold.

A Merchant that changes Acquirers and/or countries while identified in the VFMP will be assigned the equivalent program status with the new Acquirer and/or country if the Merchant has not exited the program.

Visa may require the Acquirer or its Merchant to deploy appropriate fraud remediation tools or technologies to address unusual activity in the individual cases identified through the VFMP.

A Merchant Outlet will exit the VFMP if it is below the program thresholds for 3 consecutive months.

In the Europe Region, if a Merchant has met or exceeded specified fraud performance thresholds, the Acquirer must work with the Merchant until the Merchant’s fraud levels fall below the fraud performance thresholds.

Effective though 30 September 2017

Monitoring includes all fraud reported by Issuers and all sales Transactions submitted by the Acquirer on behalf of a Merchant Outlet for the preceding calendar month.

Effective 1 October 2017

For VFMP compliance purposes Visa will both:

- Include only the first 10 fraud Transactions reported to Visa per calendar month, for each Account Number at each Merchant Outlet
- Exclude fraud type code 3 (fraudulent application)

1 In the Europe Region, the program applies at the Merchant level.
2 Program monitoring includes Domestic Transactions and International Transactions for all the following: AP Region (Australia), Canada Region, Europe Region (Germany, United Kingdom), LAC Region (Brazil), and US Region. Visa may modify this list of markets.

- Its Cardholder and another Member's Merchant
- Its Merchant and another Member's Cardholder

If a Cardholder or Merchant accepts financial liability for a Transaction, its Member must reimburse the other Member directly.

11.1.1.2 Issuer Responsibilities to Cardholders for Dispute Resolution

An Issuer must resolve Cardholder disputes under the Visa Rules by extending to Cardholders all protections provided on any Visa Card under applicable laws or regulations and by utilizing the Issuer's customary practices to resolve Cardholder disputes, regardless of which type of Visa Card was used.\(^1\) Thus, the resolution of such Cardholder disputes will be the same in similar circumstances regardless of which type of Visa Card was used. The foregoing applies only with respect to Transactions on Cards using the Visa Brand Mark, not to Transactions using any other payment card brand even if such brand is on the Visa Card.

\(^1\) An Issuer must establish enhanced customer support practices to service Visa Signature, Visa Signature Preferred, and Visa Infinite Cardholders during the dispute resolution process.
11.1.2 Use of Visa Systems

11.1.2.1 Use of Visa Systems for Dispute Processing

A Member must use VisaNet to process a Chargeback or Representment.¹ This requirement does not apply to domestic Interchange processed under a Private Agreement.

A Member must use Visa Resolve Online or the Electronic Documentation Transfer Method to do all of the following:

- Respond to a Retrieval Request²
- Send Chargeback, Representment, Arbitration, or Compliance documentation
- Make a pre-Arbitration or pre-Compliance attempt
- Process a pre-Arbitration or pre-Compliance response
- File an Arbitration or Compliance case³
- Withdraw an Arbitration or Compliance case
- File an appeal of an Arbitration or Compliance case

An Issuer or Acquirer must provide documentation for a Chargeback or Representment in English or provide translations of any non-English documentation.

¹ In the Europe Region, this rule does not apply. Where a Member uses Visa for processing, as specified in Section 1.1.1.2, “Applicability of Processing Rules – Europe Region,” it must refer to Visa Europe Operating Regulations – Processing.

² A Response to Retrieval Request reason code 27 (Healthcare Auto-substantiation Request) must not be processed using Visa Resolve Online.

³ A Member must not combine more than 10 dispute Transactions in the same case. The Account Number, Acquirer, Merchant name, Merchant location, and dispute reason code must be the same in each dispute.

11.1.2.2 Visa Right to Grant Exceptions to Dispute Processing Requirements

If a Member misses a deadline or does not submit documentation electronically because of Visa back office service platform failure, Visa may negate the impact by granting an exception to Visa dispute processing deadlines or documentation requirements.
11.1.3 Retrieval Request and Fulfillment

11.1.3.1 Retrieval Request Data Requirements

11.1.8.4 Intercompany Chargeback Process for Visa Easy Payment Service (VEPS) and Small Ticket Transactions

Effective through 13 April 2018

For a Visa Easy Payment Service Transaction, Visa will pay in lieu of an Acquirer for a Chargeback received from an Issuer in the Europe Region if:

- The MCC is invalid for a Small Ticket Transaction in the Europe Region.
- Visa confirms that the Transaction is eligible for Chargeback in the Europe Region.

11.1.9 Chargeback Reason Codes

11.1.9.1 Reason Code Table Format

The Chargeback reason codes are organized in tables to show the applicable Chargeback condition and geographical scope for different rules.

The reason code tables consist of 3 columns. The first column typically shows the applicable Chargeback condition or Representment condition and, for processing requirements, the applicable member message text. The second column contains the rule language and the third column specifies the country or region for which the rule is applicable.

The following conventions apply:

- The word "General" in the first column of the table indicates that the rule may apply to any Chargeback condition for that reason code.
- If a Chargeback condition number is specified in the first column, the rule applies only to Chargebacks that are subject to that condition. The rule applies in addition to any applicable rules shown as "General."
- The third column shows the country or region for which the rule is applicable, using labels, as follows:

If Visa determines that a Member, its agent, or a Merchant has been deficient or negligent in securely maintaining account or Transaction Information, or reporting or investigating the loss of this information, Visa may impose a non-compliance assessment on the Member or require the Member to take immediate corrective action.

In the Europe Region, an Acquirer that does not have 90% of its Merchants in each of the following categories in compliance with account information and Transaction Information security requirements must provide Visa, for each non-compliant Merchant type, an explanation and a plan for the next 12 months, indicating how it will ensure the protection of Cardholder data:

- Level 1 (more than 6 million Transactions per year)
- Level 2 (1,000,001 – 6 million Transactions per year)
- Level 3 (Electronic Commerce Merchants with 20,000 – 1 million Transactions per year)
- Level 4 (1 – 1 million Transactions per year)

The Acquirer must do all of the following:

- Report to Visa its compliance with the Payment Card Industry Data Security Standard (PCI DSS)
- Report and verify to Visa, at least every 6 months, its Merchants’ status of PCI DSS compliance
- Ensure that its level 3 and 4 Electronic Commerce Merchants either:
  - Exclusively use a service provider that is PCI DSS-compliant
  - Provide to the Acquirer certification of the Merchant’s PCI DSS compliance

¹ In the Europe Region, the timeframe for applying non-compliance assessments is counted from the annual due date of the self-audit, beginning at the 30th calendar day.
In the Europe Region, a Member may be subject to a non-compliance assessment for its failure to comply with any of the requirements in the PIN Management Requirements Documents.

If an Acquirer fails to respond to Visa within 30 days of a Notification of non-compliance, it may be subject to a non-compliance assessment, or Visa may suspend the Acquirer’s certification relating to PIN implementation procedures until a response from the Acquirer has been received and acknowledged by Visa.

If the Acquirer provides an action plan to Visa but does not perform its commitments as specified in the action plan, it must deposit USD 100,000 with Visa as a performance bond or place USD 100,000 in escrow until Visa either:

- Confirms that the Acquirer is in compliance with the PIN Management Requirements Documents
- In the case of the escrow arrangements, suspends that Acquirer’s certification. If Acquirer certification for PIN implementation procedures is suspended, the Acquirer may forfeit to Visa the performance bond or escrow amount.

12.6.13 Non-Compliance Assessments Related to Agents

12.6.13.1 VisaNet Processor Non-Compliance Assessments

A Member using a VisaNet Processor that fails to comply with the Visa Rules and Visa Charter Documents is subject to non-compliance assessments, as specified in Section 1.12.3.2, “General Non-Compliance Assessment Schedule.” The combined liability of all Members for a VisaNet Processor’s failure to comply must not be more than the non-compliance assessment amount for the violation involved.

Visa may impose non-compliance assessments resulting from the activities of a Member performing services on behalf of another Member to both the:

- Performing Member
- Member for which the services are performed
The total paid by both Members must not be more than the non-compliance assessment amount for the violation involved.

Visa may impose non-compliance assessments whether a Member or non-Member is performing services on behalf of another Member. If a Member acts as a VisaNet Processor for another Member, it is considered a single entity with that other Member in determining repetitive violations.

### 12.6.13.2 Third Party Agent Non-Compliance Assessments

Visa imposes non-compliance assessments to a Member that fails to comply with the requirements for use of Third Party Agents. A Member is subject to non-compliance assessments for the failure of its Third Party Agents to comply with the substance of Third Party Agent requirements, including non-payment of non-compliance assessments to Visa.

A Member that fails to comply with Third Party Agent requirements is subject to a non-compliance assessment, as follows:

<table>
<thead>
<tr>
<th>Violation</th>
<th>Non-Compliance Assessment</th>
</tr>
</thead>
<tbody>
<tr>
<td>First occurrence</td>
<td>USD 10,000</td>
</tr>
<tr>
<td>Second occurrence in a rolling 60-month period</td>
<td>USD 25,000</td>
</tr>
<tr>
<td>Third occurrence in a rolling 60-month period</td>
<td>USD 50,000</td>
</tr>
<tr>
<td>Four or more occurrences in a rolling 60-month period</td>
<td>USD 100,000</td>
</tr>
</tbody>
</table>

For repeated violations in a rolling 60-month period, Visa may impose non-compliance assessments in addition to those specified in Table 12-32, “Non-Compliance Assessments Related to Third Party Agents,” at Visa discretion. Non-compliance assessments are cumulative.

This does not apply in the Europe Region.
12.7 Fees – General

12.7.1 Fee Assessment and Responsibility

12.7.1.1 Responsibility for Charges – US Region

In the US Region, all charges imposed by Visa, whether in the form of fees, exchange rates, or otherwise, are charges imposed on a Member or a VisaNet Processor or an Agent operating on behalf of a Member. A Member or VisaNet Processor or Agent operating on behalf of a Member is responsible for paying all charges, regardless of whether it absorbs the charges, passes them on, or increases them in billing its customer (for example: Cardholder, Merchant).

12.7.2 Global Compromised Account Recovery (GCAR) Fees

12.7.2.1 Global Compromised Account Recovery (GCAR) Fees – AP, Canada, CEMEA, LAC, and US Regions

Effective through 13 October 2017

Visa will collect from the Acquirer through the Global Member Billing System a Global Compromised Account Recovery (GCAR) appeal fee, as specified in the applicable Fee Schedule.

Effective 14 October 2017

In the AP Region, Canada Region, CEMEA Region, LAC Region, and US Region, Visa will collect from the Acquirer through the Global Member Billing System either or both:

- A Global Compromised Account Recovery appeal fee
- A Global Compromised Account Recovery program non-cooperation analysis fee if the Acquirer, its Merchant, Acquirer processor, service provider, or other entity used by the Acquirer, its Merchant, or ATM involved in processing Visa-branded Transactions refuses to allow a forensic investigation
12.8 Member-to-Member Fees

12.8.2 Automated Clearing House Service

12.8.2.1 Automated Clearing House Collections Made in Error – US Region

In the US Region, Visa is not liable for automated clearing house collections made in error, except through intentional misconduct.

12.8.2.2 Automated Clearing House Service Authorization Agreement – US Region

In the US Region, Visa will provide a Member or VisaNet Processor with an automated clearing house authorization agreement for Fee Collection Transactions and Funds Disbursement Transactions. This agreement must be signed and returned to Visa before the initiation of any automated clearing house transaction.

The signed agreement remains valid for all Fee Collection Transactions and Funds Disbursement Transactions until the Member or VisaNet Processor notifies Visa of either:

- Its replacement by a new agreement
- Revocation of the agreement because the Member or VisaNet Processor was terminated

12.8.2.3 Automated Clearing House Service Requirements – US Region

In the US Region, upon Visa request, a Member or VisaNet Processor must provide all of the following for the purpose of collecting fees and disbursing funds through the automated clearing house service:

- Valid automated clearing house transit/routing number
- Associated financial institution depository account number
- Signed automated clearing house authorization agreement

If any account information (such as the account number or financial institution) changes, the Member or VisaNet Processor must both:

- Notify Visa at least 10 calendar days before the effective date of the change
- Submit a new automated clearing house authorization agreement with the change
12.8.2.4 Automated Clearing House Service Requirements for Principal-Type or Associate-Type Members – US Region

In the US Region, upon Visa request, a Principal-type or Associate-type Member or an applicant for Principal-type or Associate-type membership must comply with Section 12.8.2.3, “Automated Clearing House Service Requirements – US Region,” for the purpose of collecting fees and disbursing funds through the automated clearing house service.

12.8.2.5 Initial Service Fee Collection through Automated Clearing House Service – US Region

Visa may collect initial service fees through the automated clearing house service from all new US Principal-type and Associate-type Members, as specified in the Visa Charter Documents.

12.8.2.6 Non-Use of Automated Clearing House Service – US Region

In the US Region, a Member or VisaNet Processor that is required to use the automated clearing house service may be required to reimburse Visa for any expense incurred for processing any payment made by a means other than the automated clearing house service.

12.8.2.7 Rejection of Automated Clearing House Transactions – US Region

Visa may require a same-day wire transfer, or initiate a Fee Collection Transaction through VisaNet, if a valid automated clearing house transaction is rejected or cannot be initiated for any reason, including:

- In the US Region, a Member did not comply with Section 12.8.2.3, “Automated Clearing House Service Requirements – US Region”
- Existing automated clearing house authorization agreement was revoked before a replacement authorization agreement took effect
12.8.3 Member-to-Member Fee Collection and Funds Disbursement

12.8.3.2 Fee Collection Time Limit

Unless otherwise specified, a Member must collect fees or disburse funds within either:

- 180 calendar days from the related event
- In the US Region, for a Domestic Transaction, 45 calendar days from the related event

12.8.3.4 Resubmission of Returned Fee Collection

A Member may resubmit a returned Fee Collection Transaction for any of the following reasons:

- Information or documentation supporting the Fee Collection Transaction was not received
- Amount of the original Fee Collection Transaction was inaccurate
- Original Fee Collection Transaction was correct, but receiving Member returned it improperly

A Member resubmitting a returned Fee Collection Transaction must either:

- Make the resubmission within 30 calendar days from the date the Receiving Member returned the original Fee Collection Transaction
- In the US Region, make the resubmission within 45 calendar days from the Central Processing Date of the returned Fee Collection Transaction

If the Fee Collection Transaction was returned because of missing information or documentation, the resubmission must contain the applicable information or documentation.

In the Europe Region, this rule does not apply. Where a Member uses Visa for processing, as specified in Section 1.1.1.2, “Applicability of Processing Rules – Europe Region,” it must refer to Visa Europe Operating Regulations – Processing.

In the US Region, a Member must not resubmit a Fee Collection Transaction for Recovered Card handling fee/reward (reason code 0150) or recovery of Retrieval Request fees (reason code 0170).

12.8.3.5 Limits of Fee Collection Returns

In no case may there be a third submission, return, or rejection of a Fee Collection Transaction through VisaNet. A Member that receives a third submission or return of a Fee Collection Transaction may pursue Compliance.
Visa Product and Service Rules

Fees and Non-Compliance Assessments

Member-to-Member Fees

In the US Region, a Member must not submit an outstanding Fee Collection Transaction for Compliance for the following disputes, which must be settled directly between the Members involved and are not subject to Compliance procedures:

- Reason Code 0240 (Good Faith Collection Letter Settlement Funds Disbursement)
- Reason Code 0350 (Interchange Reimbursement Fee pre-Compliance Settlement Funds Disbursement)

12.8.3.6 Member Fee Collection and Funds Disbursement Limitations

A Member must not use a Fee Collection Transaction for funds disbursement other than those listed in Section 12.8.3.3, “Fee Collection Returns,” and Section 12.8.3.4, “Resubmission of Returned Fee Collection.”

12.8.3.7 Fee Collection/Funds Disbursement Process – US Region

In the US Region, when a Member or its Authorizing Processor collects fees or disburses funds as allowed through VisaNet, it must use transaction code 10 (Fee Collection Transaction) or transaction code 20 (Funds Disbursement Transaction), as specified in Section 12.8.3.3, “Fee Collection Returns,” Section 12.8.3.4, “Resubmission of Returned Fee Collection,” and Section 12.8.3.1, “Data and Documentation Requirements for Fee Collections and Funds Disbursements.”

No other use of the Fee Collection Transaction/Funds Disbursement Transaction process is permitted.

12.8.4 Incentive Fulfillment Fees

12.8.4.1 Retrieval Request Fee Recovery

An Issuer may recover fees for Retrieval Requests for any of the following reasons:

- Acquirer did not properly supply the requested Transaction Receipt
- Effective for Transactions completed through 21 April 2017 Substitute Transaction Receipt does not include the required data
- Request resulted from an incorrect Merchant description or a zero-filled or incorrect Transaction Date in the VisaNet transmission
- In the US Region, for a Domestic Transaction, both:
12.8.5 Investigative Services Fees

12.8.5.1 Member Investigative Services Fee

A Member that requests investigative services from another Member must pay an investigative service fee, as specified in the applicable Fee Schedule.

A Member that performs investigative services for another Member must prepare an itemized statement for the Member requesting the services.

12.8.6 Rewards for Recovered Cards

12.8.6.1 Recovered Card Rewards

An Acquirer must ensure that the minimum reward is paid to a Merchant that recovered a Visa Card or a Visa Electron Card, as specified in the applicable Fee Schedule.

If an Acquirer pays rewards to its tellers for the recovery of Visa Cards or Visa Electron Cards, it may collect the reward amount from the Issuer, as specified in the applicable Fee Schedule.

An Acquirer is not required to pay a reward, and an Issuer is not required to reimburse the Acquirer, for a Card that is any of the following:

- Expired
- Recovered at an ATM or Unattended Cardholder-Activated Terminal
- Inadvertently left at a Merchant Outlet
- A Non-Re-loadable Card recovered without a Pickup Response or a request from the Issuer

In the AP Region (Australia), an Issuer is not required to reimburse a reward paid by an Australia Acquirer to a person who is not a Merchant or a staff member of a Merchant (for example: law enforcement personnel, Acquirer employee).
In the US Region, if a recovered Card was retained by a law enforcement agency, the Acquirer must pay the reward upon receipt of a legible copy of the front and back of the recovered Card.

An Issuer must pay a reward for a recovered Visa Card or Visa Electron Card.

### 12.8.6.2 Acquirer Recovered Card Handling and Reward Collection – US Region

In the US Region, if an Acquirer has paid a reward for a recovered Card, the Acquirer may collect the reward in a Fee Collection Transaction. Before entering the fee collection into Interchange, the Acquirer must notify the Issuer through Visa Resolve Online that the Card was recovered and specify the amount of the reward paid.

### 12.9 Other Non-Compliance Assessments

#### 12.9.1 Willful Violations – Europe Region

#### 12.9.1.1 Willful Violation Non-Compliance Assessments – Europe Region

In the Europe Region, a Member that is found to have willfully violated the Visa Rules, as specified in Section 1.12.3.10, “Willful Violations of the Visa Rules,” is subject to a non-compliance assessment, as follows:
